

Quality Policy

Connect 2 Cleanrooms Ltd views their quality system as an integral part of the business and uses the results from it to generate continual improvement.

It is the policy of the Company to operate systems and procedures for Quality Management that meet at all times the requirements of BS EN ISO 9001:2008.

The objectives are to :

- a. Achieve customer satisfaction
- b. Respond promptly and effectively to the needs of our customers
- c. Ensure products and services are fit for purpose
- d. Ensure Operating Procedures are always appropriate to the current business climate and market demands
- e. Provide our staff with a safe working environment, resources and training to discharge their assigned duties most effectively
- f. Promote the Company's reputation for excellence in the market place
- g. Seek always to continually improve the Company's quality performance

It is the task of everyone in the Company to work to achieve the quality policy and objectives, through adherence to the Quality Management System.
